

TAIWAN SEMICONDUCTOR MANUFACTURING COMPANY LIMITED
2010 ANNUAL GENERAL SHAREHOLDERS' MEETING

MINUTES

(Translation)

Time and Date: 9:00 a.m., June 15, 2010

Place: No. 8, Li-Hsin Road 6, Hsinchu Science Park, Hsin-Chu, Taiwan, R.O.C.
(TSMC Fab 12)

Total outstanding TSMC shares: 25,905,017,151 shares

Total shares represented by shareholders present in person or by proxy: 22,879,777,697 shares

Percentage of shares held by shareholders present in person or by proxy: 88.32 %

Chairman: Dr. Morris Chang, the Chairman of the Board of Directors

Recorder: Sylvia Fang

The aggregate shareholding of the shareholders present in person or by proxy constituted a quorum. The Chairman called the meeting to order.

A. Chairman's Address (omitted)

B. Report Items

- I. Reported the business of 2009. (see Attachment I)
- II. Audit Committee's review report. (see Attachment II)

C. Resolutions

- I. The 2009 Business Report and Financial Statements were submitted at the meeting for acceptance. (Proposed by the Board of Directors)

Explanatory Notes: (1) TSMC's 2009 Financial Statements, including Balance Sheets, Income Statements, Statements of Changes in

Shareholders' Equity, and Cash Flow Statements, were audited by independent auditors, Mr. Hung-Peng Lin and Mr. Shu-Chieh Huang, of Deloitte & Touche.

- (2) The 2009 Business Report, independent auditors' audit report, and the above-mentioned Financial Statements were attached hereto as Attachments I, III and IV.

(Questions raised by the shareholders and the management's responses were omitted)

Voting Results: the number of shares represented by the shareholders present at the time of voting was 22,879,775,488, and 17,992,853,451 votes were cast for the proposal, which was 78.64% of the votes represented by the shareholders present.

RESOLVED, that the 2009 Business Report and Financial Statements be and hereby were accepted as submitted.

- II. A proposal to approve the distribution of 2009 profits was submitted at the meeting for discussion and approval. (Proposed by the Board of Directors)

Explanatory Notes: (1) The proposed profits distribution was allocated from 2009 Retained Earnings Available for Distribution. Each common share holder would be entitled to receive a cash dividend of NT\$3 per share.

The total amount of common shares outstanding might change and the ultimate cash dividend to be distributed to each common share might need to be adjusted accordingly should TSMC subsequently repurchase its common shares or issue new common shares to its employees as a result of their exercise of stock options. It was proposed that the Chairman of Board of Directors of TSMC be authorized to adjust the cash dividend to be distributed to each common share based on the total amount of profits resolved to be distributed and the number of actual common shares outstanding on the record date for distribution.

- (2) The 2009 Profit Allocation Proposal was attached hereto as Attachment V.

Voting Results: the number of shares represented by the shareholders present at the time of voting was 22,879,775,488, and 18,475,605,924 votes were cast for the proposal, which was 80.75% of the votes represented by the shareholders present.

RESOLVED, that the above proposal be and hereby was approved as proposed.

- III. A proposal to approve revisions to the Articles of Incorporation was submitted at the meeting for discussion and approval. (Proposed by the Board of Directors)

Explanatory Notes: (1) In light of the contemplated new business activities with respect to LED lighting and solar energy that TSMC is planning to engage and invest in, the business scope specified in the Articles of Incorporation of TSMC is required to be amended.

- (2) The Comparison Table for the Articles of Incorporation Before and After Revision was attached hereto as Attachment VI.

Voting Results: the number of shares represented by the shareholders present at the time of voting was 22,879,775,488, and 18,359,722,000 votes were cast for the proposal, which was 80.24% of the votes represented by the shareholders present.

RESOLVED, that the above proposal be and hereby was approved as proposed.

- IV. A proposal to approve revisions to the Policies and Procedures for Financial Derivatives Transactions was submitted at the meeting for discussion and approval. (Proposed by the Board of Directors)

Explanatory Notes: (1) TSMC's "Policies and Procedures for Financial Derivatives Transaction" ("the Policy") allows TSMC to engage in derivative transaction only for the purpose of hedging, but not for the purpose of trading. Therefore, no loss limit for derivative transactions was adopted under the Policy in the past.

According to the regulatory authority's administrative guidance, all listed companies were required to adopt loss limits for any derivative transactions, regardless of whether such transactions was for trading or hedging. It was therefore proposed to amend the Policy to adopt above-mentioned loss limits.

- (2) In addition, in light of current TSMC management structure, the Policy was proposed to be amended by designating "the Chief Executive Office or his designee" to perform all the duties currently assigned to the corporate President under the Policy.

(3) The Comparison Table for the "Policies and Procedures for Financial Derivative Transaction" Before and After Revision was attached hereto as Attachment VII.

(Questions raised by the shareholders and the management's responses were omitted)

Voting Results: the number of shares represented by the shareholders present at the time of voting was 22,879,775,488, and 18,408,188,718 votes were cast for the proposal, which was 80.46% of the votes represented by the shareholders present.

RESOLVED, that the above proposal be and hereby was approved as proposed.

D. Special Motion

(Questions raised by the shareholders and the management's responses were omitted)

There being no other business and special motion, upon a motion duly made and seconded, the meeting was adjourned.

Morris Chang
Chairman of the Board of Directors

Sylvia Fang
Recorder

Business Report

At the start of 2009, we managed the sharp business downturn that gripped the global economy, and then enhanced our core strengths by committing more resources into technology innovations, recruiting talents, and expanding our production capacity to meet customers' needs. Now the global economy is on its gradual recovery course and the outlook for semiconductor industry in 2010 appears robust, TSMC is in a stronger position to compete.

The steep downturn in the global semiconductor industry in 4Q'08 and 1Q'09 was followed by a recovery the rate of which was unprecedented in the history of the foundry segment. At the start of the slump, management moved with speed to minimize the negative financial impact. Later on, when demand fast recovered, we demonstrated remarkable agility in quickly ramping up production capacity and capturing the pursuant recovery. In the process, the Company lowered its breakeven utilization rate and maintained profitability throughout the downturn.

TSMC is now headed forward on a course to capture greater share within the dedicated foundry segment through continued development of the leading-edge process technology nodes, while aggressively broadening the Company's business portfolio into derivative technologies across all legacy technology nodes.

Financial Results

Total consolidated revenue for 2009 was NT\$ 295.74 billion, an 11.2 percent decrease compared with NT\$333.16 billion in 2008. Net income decreased 10.7 percent to NT\$89.22 billion from NT\$99.93 billion, while diluted earnings per share decreased 9.6 percent to NT\$3.44 compared with NT\$3.81 a year earlier.

In US dollars, TSMC's 2009 revenue was US\$9 billion and net income was US\$2.71 billion, compared with revenue of US\$10.61 billion and net income of US\$3.18 billion in 2008.

Among other highlights in 2009, TSMC achieved:

- Gross profit margin of 43.7 percent; and
- Operating profit margin of 31.1 percent.

During the year, TSMC shipped 7.74 million eight-inch equivalent wafers, representing about 7.6 percent of global IC wafer shipments, compared with 7.4 percent a year ago.

Technology, Capacity and Customers

While the semiconductor industry will grow strongly in 2010, it is likely to grow at an average mid-single-digit rate in the 2011- 2016 period. On the one hand, it is vital for TSMC to maintain and augment its leadership position in the foundry segment by intensifying the pace of semiconductor manufacturing innovation and by expanding its own capabilities to enlarge market opportunities. On the other hand, TSMC also embarked on a vigorous program to expand the base of our business to encompass adjacent opportunities that fit our strengths in engineering capabilities and the ability to manage massive scale operations. In addition, to start the development of new businesses, Dr. Rick Tsai has been assigned to devote his full time to this task as President of New Businesses, starting June 12, 2009. Meanwhile, I resumed CEO responsibility.

Today, TSMC serves more than four hundred customers and manufactures more than seven thousand products for them in a year. We are proud to count every major player in each of the semiconductor logic applications as our customers. We build customer partnership with our technology leadership and manufacturing excellence, both of which are executed under an overall corporate culture centered on servicing customers' needs. In order to better focus on strengthening our customer partnership, the Company has further re-organized to form an Operations Organization to facilitate manufacturing

operations excellence, and a Business Development Organization to coordinate customer partnership.

We continue to focus resources on strengthening our leading position in our core business of outsourced manufacturing for advanced IC producers. The Company has invested US\$2.7 billion in 2009 to further expand its advanced technology capacity for 12-inch wafer fabs, with 85% of the spending on capacities for 40/45nm and 65nm technologies, which are expected to contribute over 40 % of our wafer revenue in 2010.

Technology Innovation

TSMC continues to be a technology leader in the semiconductor industry with the development of the most advanced logic technologies both with conventional (poly SiON) as well as high-K/metal gate (HKMG) stacks at the 28-nanometer (28nm) node. Early in 2009, we became the first foundry to achieve 28nm functional 64Mb SRAM yield on our high performance (28HP) as well as low leakage (28HPL) HKMG technologies. With our 28nm shuttle program, functional silicon was delivered in both conventional and HKMG platforms. We are well on track for qualification and risk production in 2010 for our 28nm technology offerings.

Corporate Developments

In November, TSMC agreed to a settlement with SMIC. The litigation and settlement have resulted in the full protection of TSMC's trade secrets in the possession of SMIC. Under the new settlement agreement and the related stipulated judgment, SMIC has agreed to make cash payments totaling \$200 million and other valuable considerations to TSMC. Both parties also agreed to terminate the patent cross-licensing agreement signed in 2005.

TSMC also invested \$193 million for a 20% equity stake in Motech, the largest solar cell manufacturer in Taiwan. The Motech investment allows TSMC to accelerate our time to

market, to better evaluate opportunities along the solar value chain, and to further formulate our overall solar strategy.

Honors and Awards

TSMC continued to garner recognition and awards from around the world as a corporate role model. TSMC's disclosure and transparency and its focus on shareholder value have won top honors from AsiaMoney, The Asset Magazine, Corporate Governance Asia, FinanceAsia, GlobalView Magazine, and the IR Magazine in the areas of Corporate Governance, Management, Investor Relations, and Corporate Social Responsibilities. Both the Wall Street Journal and CommonWealth Magazine voted TSMC as Taiwan's Overall Most Admired Company. As a leader in good corporate citizenship, TSMC is included in the Dow Jones Sustainability Index.

Outlook

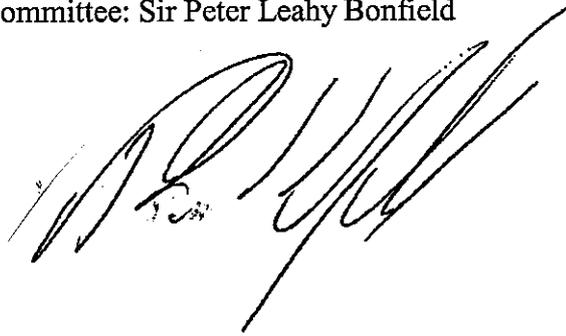

Improvement in the global macroeconomic environment is likely to continue into 2011. With the fast growing emerging economies consuming an increasing amount of semiconductors, we expect the industry to grow at a rate in the teens and the foundry segment to outpace the overall semiconductor industry at a growth rate exceeding 20 percent in 2010. TSMC has aggressive plans to gain market share in this upturn by further strengthening our technology leadership and by providing sufficient capacity to meet the strong demand from our customers. Management believes TSMC can surpass both the Company's 2008 revenue record and its 2006 net income record, after adjusting for employee profit sharing, in 2010.

Audit Committee's Report

The Board of Directors has prepared the Company's 2009 Business Report, Financial Statements, and proposal for allocation of profits. The CPA firm of Deloitte & Touche was retained to audit TSMC's Financial Statements and has issued an audit report relating to the Financial Statements. The Business Report, Financial Statements, and profit allocation proposal have been reviewed and determined to be correct and accurate by the Audit Committee members of Taiwan Semiconductor Manufacturing Company Limited. According to Article 14-4 of the Securities and Exchange Act and Article 219 of the Company Law, we hereby submit this report.

Taiwan Semiconductor Manufacturing Company Limited

Chairman of the Audit Committee: Sir Peter Leahy Bonfield

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders
Taiwan Semiconductor Manufacturing Company Limited

We have audited the accompanying balance sheets of Taiwan Semiconductor Manufacturing Company Limited as of December 31, 2009 and 2008, and the related statements of income, changes in shareholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the Rules Governing the Audit of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Those rules and standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Taiwan Semiconductor Manufacturing Company Limited as of December 31, 2009 and 2008, and the results of its operations and its cash flows for the years then ended in conformity with the Guidelines Governing the Preparation of Financial Reports by Securities Issuers, requirements of the Business Accounting Law and Guidelines Governing Business Accounting with respect to financial accounting standards, and accounting principles generally accepted in the Republic of China.

As discussed in Note 3 to the financial statements, effective January 1, 2009, Taiwan Semiconductor Manufacturing Company Limited adopted the newly revised Statements of Financial Accounting Standards No. 10, "Accounting for Inventories." In addition, effective January 1, 2008, Taiwan Semiconductor Manufacturing Company Limited adopted Interpretation 2007-052, "Accounting for Bonuses to Employees, Directors and Supervisors," issued by the Accounting Research and Development Foundation of the Republic of China and relevant requirements promulgated by the Financial Supervisory Commission of the Executive Yuan.

We have also audited, in accordance with the Rules Governing the Audit of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China, the consolidated financial statements of Taiwan Semiconductor Manufacturing Company Limited and subsidiaries as of and for the years ended December 31, 2009 and 2008, and expressed an unqualified opinion with an explanatory paragraph relating to the adoption of the newly revised Statement of Financial Accounting Standard, Accounting for Inventories, and the adoption of Interpretation 2007-052, respectively, on such consolidated financial statements.

January 22, 2010

Notice to Readers

The accompanying financial statements are intended only to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdiction. The standards, procedures and practices to audit such financial statements are those generally accepted and applied in the Republic of China.

For the convenience of readers, the auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. If there is any conflict between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese-language auditors' report and financial statements shall prevail.

ATTACHMENT IV

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders
Taiwan Semiconductor Manufacturing Company Limited

We have audited the accompanying consolidated balance sheets of Taiwan Semiconductor Manufacturing Company Limited and subsidiaries as of December 31, 2009 and 2008, and the related consolidated statements of income, changes in shareholders' equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the Rules Governing the Audit of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Those rules and standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Taiwan Semiconductor Manufacturing Company Limited and subsidiaries as of December 31, 2009 and 2008, and the results of their consolidated operations and their consolidated cash flows for the years then ended in conformity with the Guidelines Governing the Preparation of Financial Reports by Securities Issuers and accounting principles generally accepted in the Republic of China.

As discussed in Note 3 to the consolidated financial statements, effective January 1, 2009, Taiwan Semiconductor Manufacturing Company Limited and subsidiaries adopted the newly revised Statements of Financial Accounting Standards No. 10, "Accounting for Inventories." In addition, effective January 1, 2008, Taiwan Semiconductor Manufacturing Company Limited and subsidiaries adopted Interpretation 2007-052, "Accounting for Bonuses to Employees, Directors and Supervisors," issued by the Accounting Research and Development Foundation of the Republic of China and relevant requirements promulgated by the Financial Supervisory Commission of the Executive Yuan.

January 22, 2010

Notice to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdiction. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China.

For the convenience of readers, the auditors' report and the accompanying consolidated financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. If there is any conflict between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese-language auditors' report and consolidated financial statements shall prevail.

Taiwan Semiconductor Manufacturing Company Limited and Subsidiaries
